Greetings,

After reviewing the Interim Progress Program Report (IPR) submitted by Washington State University School of Architecture and Construction Management, the National Architectural Accrediting Board (NAAB) has concluded that the program has demonstrated progress toward addressing deficiencies identified in the most recent Visiting Team Report. In addition to the information required by the 5th year IPR in 2019, the program must also report on the concerns identified under Condition I.2.1 Human Resources and Human Resources Development (Faculty) including the program heads (formerly titled coordinators), their workloads, and compensation. Statistical Reports are still due annually.

If you have any questions regarding this matter, please contact the NAAB office.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Judith Kinnard', is written over a large, stylized circular flourish.

Judith Kinnard, FAIA  
President
